

Wright on Quantities: A Plea for a Better System of Estimating, Cost of Buildings in the United States (Classic Reprint) (Paperback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

(Prof. Loyce Runolfsson Jr.)

WRIGHT ON QUANTITIES: A PLEA FOR A BETTER SYSTEM OF ESTIMATING, COST OF BUILDINGS IN THE UNITED STATES (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Wright on Quantities: A Plea for a Better System of Estimating, Cost of Buildings in the United States Before touching on my subject this evening, may I say a word or two to those gentlemen present whom I have not the pleasure of knowing person-ally? Although an architect by profession, it may perhaps be stated that I have had opportunity of closely studying the practice of estimating upon bills of quantities, or, as it is more popularly termed, the Quantity System. Indeed, it is a subject in which I have always taken an active interest. I mention this, however, simply by way of explanation, which seems to be necessary, for I believe this is the first occasion in the history of San Francisco, and probably in the United States, when a practising architect has been honored with an invitation to address a body of contractors upon such a practical theme as Estimating - a subject which, perhaps, in some quarters, architects are not supposed to know much about, and I regard it as a good sign when a contractors organization is broad enough, and progressive enough, to invite an architect to address them upon such a practical and important topic. I regard the invitation as a great compliment. It gives me the greatest pleasure to be with you this evening, and I trust that we may have a full discussion of the subject at the close of my remarks.
