Physics and Chemistry of the Earth's Interior: Crust, Mantle and Core (Hardback)

By Alok Krishna Gupta

Springer-Verlag New York Inc., United States, 2011. Hardback. Book Condition: New. Edition.. 284 x 86 mm. Language: English . Brand New Book. The Indian National Science Academy was established in January 1935 with the objective of promoting science in India and harnessing scientific knowledge for the cause of humanity and national welfare. In 1968 it was designated as the adhering organisation in India to the International Council for Scientific Union (ICSU) on behalf of the Government of India. Over the years, the Academy has published a number of journals, volumes, biographical memoirs, etc. The year 2009-2010 will be specially celebrated to mark the Platinum Jubilee of the Academy. Many programmes are planned in different centres in India on this occasion. In addition, the Academy has decided to publish a number of special volumes on different subjects ranging from earth sciences to life sciences. This volume is on Physics and Chemistry of the Earth's Interior. One of the main objectives of geophysicists is to establish the internal structure of the earth as revealed by seismic tomography. It is also their primary goal to correlate geophysical data to reveal thermal and chemical state of the crust, mantle and core...
