THE CLONING OF JOANNA MAY (PAPERBACK)

HarperCollins Publishers, United Kingdom, 1993. Paperback. Book Condition: New. 196 x 126 mm. Language: English . Brand New Book. An astonishing novel that probes into the strange world of genetic engineering. Joanna May thought herself unique, indivisible - until one day, to her hideous shock, she discovered herself to be five: though childless she was a mother; though an only child she was surrounded by sisters young enough to be her daughters - Jane, Julie, Gina and Alice, the clones of Joanna May. How will they withstand the shock of first meeting? And what of the avenging Carl, Joanna s former husband and the clones creator: will he take revenge for his wife s infidelity and destroy her sisters one by one? In this astonishing novel, Fay Weldon weaves a web of paradox quite awesome in its cunning. Probing into the strange world of genetic engineering, The Cloning of Joanna May raises frightening questions about our identity as individuals - and provides some startling answers. Funny, serious, revolutionary, this is the work of a master storyteller at the height of her powers.
